

Alexander

DAILY GLEANER

made life

21 FEB 1981

director

of PSOJ

The Hon. Carlton S. Alexander O.J. was on Thursday made a life director of the Private Sector Organization of Jamaica, following five years as president of the organisation.

The honour was conferred on Mr. Alexander at the fifth annual general meeting of the Organization. He had earlier indicated that he would not seek re-election to the position of president.

A resolution proposing that he is made a life director was introduced by PSOJ vice-president, and President of the Jamaica Manufacturers' Association, Mr. Winston Mahfood; seconded by the president of the Jamaica Exporters' Association, Mr. Prakash Vaswani, and unanimously approved by the meeting.

The meeting also elected a new Council, which will elect a new president of the PSOJ at its first meeting.
