

Hon Carlton Alexander O.J.

— Golden Jubilee —

B/W

THE Years go by and we turn from
Page to page, and there we find
And learn so much
And grow more Wise with Age.
In Avenues of Doubt and Toil
Conflicting thoughts attend, and
Amongst our fellows and colleagues
So much of Time we spend.

FOR Fifty Years you served with
Diligence and tact, and never
Bowed to shame
Above the subtle tides of Stress
And fears moved with Grace and
Clear unsullied Name.

YOUR Loyalty was questioned not,
You tried from day to day
To tread with Trust, Tolerance,
High Esteem
In cordial, friendly way.

Your Courtesy with radiance lit
With melody rich and sweet
The firmament of admiring souls
And made their Joys complete.

May Good Health, lasting Strength
Attend you, and may you from
Day to day be blessed
With God's Redeeming Love along
Life's Busy Way!
