## *Governor admires sculpture show*

I UNDERSTAND from sculptor Alvin Marriott that the Governor, Lady Blackburne and their party, spent nearly an hour Tuesday morning viewing his exhibition.

Everyone, he said, showed a keen interest in the exhibits and Sir Kenneth in particular spent a lot of time looking at and absorbing them.

The bas-relief mural "Ode to Music" Sir Kenneth described as "most unique" and remarked that he had not seen anything like it before. Summing up, he wrote "A wonderful exhibition" in the visitors' book.

The exhibition closed yesterday.
