The mandate of the National Library of Jamaica is to collect, catalogue and preserve the nation’s publications and to make these items available for study and research. A related mandate is to compile and publish the national bibliography which is the list of material published in the country, authored by its citizens and about the country, regardless of place of publication. The occasion of Jamaica’s 50th anniversary was seen as an opportunity to fill in the gaps in the national bibliography which had been prepared sporadically: 1964 – 1969; 1975 – 1986; 1998-2003; and so the Jamaican National Bibliography 1962-2012 (JNB 50) Volume 1 was created.

Arrangement

This volume of the bibliography is arranged alphabetically by author, title or corporate body.

Exclusions

The following types of publications have not been included:

a) Journals
b) Films and sounding recordings
c) Maps
d) Certain government publications such as Acts, Bills, Subsidiary legislation, gazettes, etc,

The task of compiling JNB50 Volume 2 was led by Mrs. Maxine Jones and supported by Mrs Enett Noble and Miss Sheena-Gay Senior. It was a mammoth task but the team pressed on knowing that other than honouring the part of the NLJ’s Vision Statement which speaks to “fostering and promoting a nation knowledgeable about its history, heritage and information resources, they were creating a critical record of the intellectual thought of the nation in its first fifty years of independence. We hope researchers locally and internationally will mine it for its riches.
